

Lucille Umbarger School 6th Grade School Supply List

Sixth grade students in our class at Lucille Umbarger are required to have the following school supplies when school begins.

Most school supplies DO NOT last all school year. It might be a good idea to purchase more than necessary when you see "school sales" so your child will have the necessary supplies for the entire school year. Thank you for your support and understanding.

We believe organization and planned preparation are an essential part of school success. Having the needed school supplies provides a good foundation, and allows a student to be ready to learn and focus on task at hand. Our school supply list will also be made available at Office Depot and Office Max.

Sincerely,
