

USE OF SCHOOL FACILITIES

The board subscribes to the belief that public schools are owned and operated by and for its patrons. The public is encouraged to use school facilities but shall be expected to reimburse the district for such use to insure that funds intended for education are not used for other purposes. On recommendation of the superintendent, the board shall set the rental rates schedule.

The superintendent is authorized to establish procedures for use of school facilities, including rental rates, supervisory requirements, restrictions, and security. Those using school facilities shall maintain insurance for accident and liability covering persons using the district's facilities under the sponsorship of the organization.
