

Procedure Student Conduct Expectations

Student Conduct Expectations

As authorized by chapter 28A.600 RCW, the following procedure sets forth rights and conduct expectations for students. At all times, this procedure will be read consistent with federal statutes and regulations, state statutes, common law, and rules promulgated by the Washington Office of the Superintendent of Public Instruction. For procedures and legal requirements related to imposition of suspension and expulsion, see Policy and Procedure 3241, Classroom Management, Discipline and Corrective Action.

Respect for the Law and the Rights of Others

The student is responsible as a citizen to observe the laws of the United States, the state of Washington, and local ordinances and laws. The student will respect the rights of others while in school, on school property, at all school activities, on district provided transportation or otherwise under school authority. Students who involve themselves in criminal acts on school property, off school property, at school-supervised events – and which acts have a detrimental effect upon the maintenance and operation of the schools or the district – are subject to disciplinary action by the school and prosecution under the law.

Compliance with Rules

All Students will obey the written rules and regulations established for the orderly operations of the district and the reasonable requests, instructions, and directives of district personnel. For purposes of Policy 3240 and this procedure, the term "district personnel" includes all adults, including contractors and volunteers, authorized to supervise student activities. Failure to do so will be cause for disciplinary action.

The rules established by the school district will be enforced by school officials:

- On school grounds;
- Off school grounds at a school activity, function, or event;
- Off school grounds if the actions of the student materially or substantially affect the educational process; or
- On school-provided transportation, or any other place while under the authority of school personnel.

Rules for Student Conduct

Conduct rules marked with an asterisk (*) are designated as exceptional misconduct and have been judged following consultation with an ad hoc citizens' committee to be (a) of such frequent occurrence, notwithstanding past attempts to control such misconduct with other forms of corrective action, or (b) so serious in nature and/or so serious in terms of the disruptive effect upon the operation of the school that the certificated administrators may impose a short-term or long-term suspension for violation of these rules even if another form of corrective action has not previously been imposed upon the student for misconduct of the same nature. Such misconduct may also result in an expulsion or emergency expulsion subject to WAC 392-400-

275 and 392-400-295. However, neither long-term suspension nor non-emergency expulsions will be imposed in response to student misconduct in a manner that constitutes “discretionary discipline,” as that term is used in RCW 28A.600.020. (See Procedure 3241P.)

Possession of drug paraphernalia or any item purported to be such is also prohibited. While in attendance at school or school-sponsored events, students must remove themselves immediately from any situation where such activities are occurring.
